BYRAN REPLIES TO CARLISLE.

"It is More Dangerous to Put an English Banker at the Head of Our Financial System Than an English Admiral at the Head of Our Navy."

MEMPHIS, May 25.—Memphis is the storm center of the south just now in the agitation of the all absorbing currency question. Close on the heels of Thursday's "sound money" convention at the Auditorium, at which the economic views of the secretary of the national treasury were expounded to a large gathering of men from all parts of the south who are opposed to the free coinage of silver at the rate of 16 to 1, came a rousing meeting last night of an equally numerous class of citizens, whose slogan is "honest money."

Their guest of honor was the eloquent young Nebraskan, W. J. Bryan, who had consented to reply to the speech of Secretary Carlisle at a meeting held at the Grand Opera House. That structure seats only about one-third as many people as the Auditorium, in which Thursday's convention was held, and a large number of people who sought admittance could not be accommodated.

A considerable part of Mr. Bryan's speech was taken up with comparisons of Secretary Carlisle's last speech with utterances said to have been made by him in 1873. The telling points in Mr. Bryan's speech were loudly applauded, and when he had concluded the audience rose to its feet and cheered for several seconds. He was followed by Congressman J. M. Allen, of Mississippi, in a humorous and interesting speech.

In the course of his lengthy address Mr. Bryan said:

"The one who has admitted the desirability of bimetallism must either favor the restoration of it by the United States or admit the destruction of this people to foreign nations. It has been well said that it is more dangerous to put an English banker at the head of our financial system than to put an English admiral at the head of our navy or an English general at the head of our army."

The Speedy Lucania Again.
QUEENSTOWN, May 25.—The Cunard line steamship Lucania, Captain McKay, from New York, May 19, has beaten her daily average speed record. She made the trip in five days, eleven hours and forty minutes, being three hours and three minutes behind her own eastward record of five days, eight hours and thirty-eight minutes, made in September, 1894; but on the trip just completed the Lucania made an average daily speed of 22.01 knots per hour. Her best previous daily speed record was 21.50 knots, made in June, 1894.

Wife and Children Disinherited.
BROOKLYN, May 25.—The contest of the will of Edwin Baker, a millionaire real estate dealer, was dismissed by Judge Ramsey in the supreme court. The contest was instituted by Mrs. Baker, the widow, and John and Frank Baker, sons, on the ground that at the time the will was made the testator was of unsound mind. Judge Ramsey's decision shuts Mrs. Baker and her sons out from all benefits under the will.

Newport's Democratic Mayor.
NEWPORT, R. I., May 25.—The election for mayor yesterday to fill the place left vacant by the death of the late Hon. John Waters resulted in a victory for P. J. Boyle (Dem.) by a plurality of 346, his total vote being 1,715. Hon. John P. Sunborn (Rep.) received 1,369 votes, and the acting mayor, E. M. Hammett, who ran on nomination papers, 486.

Prize Fighters Sent to Prison.
MONMOUTH, Ill., May 25.—William O'Brien and James McCarthy, indicted as principals in the prize fight in this county on Easter Sunday, and John Welsh and John C. Ruggie, the seconds, pleaded guilty to sending and receiving a challenge, and were fined \$100 each and given four months in the county jail.

General Gordon Re-elected.
HOUSTON, Tex., May 25.—The fifth annual convention of the United Confederate Veterans' association closed yesterday. General John B. Gordon, of Georgia, being re-elected commander-in-chief; Wade Hampton, of South Carolina, lieutenant general of the department of northern Virginia; Stephen D. Lee, of Mississippi, lieutenant general of the department of Tennessee; W. L. Cabell, lieutenant general of the trans-Mississippi department. A resolution was adopted that June 3 shall be set apart for the observance of memorial services in honor of the Confederate dead.

ORDERLY MINE STRIKERS.

Leader Lawless Declares That the West Virginia Strike Is Won.

POCAHONTAS, Va., May 25.—The twenty-six men brought to Crozers, W. Va., from Roanoke, Va., to work in the mines, upon learning of the strike refused to work. Lawless was sent for, and had a conference with Governor McCorkle's private secretary, when it was agreed to explain the situation to the new men and the old miners. Mr. Lawless advised the men to be peaceful, but to hold out for an advance and the enforcement of the mining laws of the state. Morgan, the manager of the mines, said the company would protect all the men who wished to work, and that many had come to him singly and asked for work. He said his company would go to work at all hazards.

Governor McCorkle's private secretary, Colonel White, then made a statement. He asked the men to remain peaceable, to make no threats and to let anyone who wished to go to work. Twelve hundred hands were raised in response to a request for a promise to keep peace.

There was to have been a submission of terms for settlement by Webb and the operators last night in West Virginia, but when Lawless announced that he was for an advance it was declared off. The operators were willing to hear the terms regarding the weighing of cars at mines and the old rates. Lawless says the strike is won.

An operator said today that the next move in West Virginia would be to bring 500 big Hungarians there, pay them well, and they would both remain and fight. The strike has not abated in interest, and the miners say they will never submit. More Virginia soldiers came into Pocahontas yesterday.

Wilkinson Will Escape Discipline.
GALEBURG, Ill., May 25.—The convention of the Brotherhood of Railway Trainmen yesterday heard the charges of neglect of duty against Grand Master S. E. Wilkinson during the three months he was in California. He made a statement in defense, admitting he had been guilty of indiscretions, and had not looked after the affairs of the brotherhood as he should. Many in the convention were inclined to deal leniently with him. Grand Secretary Sheehan was included in the same charge, but claimed not to have known that the grand master was neglecting his work. No conclusion was reached, but it is likely that Grand Master Wilkinson will be allowed to serve his term out.

The Idle Ohio Miners.
COLUMBUS, O., May 25.—The prediction of President Hatchford, of the Ohio miners, that a general strike would be declared at the convention here next week, is thought by persons here posted on the mining situation to be rather untimely. National President Penna, of the United Mine Workers, when seen today, said he did not believe any one could predict the action of the convention. "With all the miners in Illinois and Indiana, and nearly all of those in West Virginia working, and the strike in the Pittsburgh district lost, no one can tell what may be done," said Mr. Penna. Nearly all the miners in Ohio are now idle.

Why Mrs. Powell Chose Another.
WEINSTER, Md., May 25.—In the breach of promise suit brought by the aged justice of the peace, D. Calvin Warner, against Mrs. Emma Powell, Mrs. Powell testified: "The intimacy between myself and the plaintiff commenced in the spring of 1893, and continued up until February, 1894, when I snatched liquor on him, which he had in the beginning concealed by chewing coffee; his anxiety to secure loans of money, and then finally the report which came to me saying that he was the father of an illegitimate child induced me to break the engagement."

Byrnes May be Obligated to Retire.
NEW YORK, May 25.—It can be stated positively now that Chief of Police Byrnes will soon have to leave the police department, if it is within the power of the board of police to compel that end. With him, it was determined, must go Inspector Williams, the preponderating forces in the board having settled finally into the conviction that a complete reform of the department would be impossible with these two men in it. Yesterday Inspector Williams was retired at his own request. He will get a pension of \$1,750 a year.

Hannigan's Victim Dead.
NEW YORK, May 25.—Solomon H. Mann, who was shot by David Hannigan on Thursday evening, died at the Flower hospital last night. By his death the overpowering desire of Hannigan to avenge the alleged betrayal and death of his sister, Loretta Hannigan, was accomplished. From the time the bullet from Hannigan's revolver entered his brain Mann rapidly grew weaker, and never recovered consciousness from the time of the tragic shooting.

Young Griffo Declares His Innocence.
BROOKLYN, May 25.—"Young Griffo," the pugilist, was brought from Philadelphia last evening and locked up in the Adams street police station. The maximum penalty for "Young Griffo's" offense is twenty years' imprisonment. The prisoner made a rambling statement, most of which would not bear publication, but which was mainly to the effect that he was innocent of the crime charged.

No Prize Fighting in Kansas.
LEAVENWORTH, Kan., May 25.—Sheriff Rothenberger received a letter from Governor Morrill with explicit instructions to prevent the Dixon-Gardner prize fight, which is to take place in the southern part of Leavenworth county tomorrow. The sheriff says he will have a large force of deputies on the ground and surely prevent it taking place in this county.

HUGH McCULLOCH DEAD.

The Venerable Financier Succumbs at His Maryland Home.

TWICE SECRETARY OF TREASURY.

First Appointed by President Lincoln in 1865. He Again Took the Treasury Portfolio Under President Arthur—His Contributions to Current Literature.

WASHINGTON, May 25.—Hon. Hugh McCulloch, ex-secretary of the treasury, died at his country place near this city yesterday, aged 86. Death came while Mr. McCulloch was in a comatose state, and was not so soon expected, even by the family physician. A general breaking down of the system, due to advanced age and aggravated by lung trouble, was the cause. His two sons, a daughter, and a grandson were at his bedside.

The interment of the remains will be in Rock Creek cemetery, near this city, probably on Monday next, although the time will not be fixed definitely until the arrival of a daughter, expected in New York today from Europe.

Hugh McCulloch was the first man up to President Harrison's administration

who had twice held the portfolio of the treasury department. Secretary William Windom being the only other one. Mr. McCulloch was born in Maine, but it was in Indiana where he spent the greater part of his life.

Hugh McCulloch was born in Kennebunk, Me., Dec. 7, 1808. He entered Bowdoin college in 1824 and two years later left before graduating on account of ill health, when he at once began to teach school, which he continued until 1830, and then took up the study of law, and within three years was admitted to the bar. In 1838 he went west and settled in Fort Wayne, Ind., and two years after his arrival was cashier and manager of the State Bank of Indiana.

He continued in this position until 1850, when he became president, and acted as such until May, 1854. He then resigned to accept the controllership of the treasury, tendered to him by Secretary Salmon P. Chase. The office had just been created by congress, and Mr. McCulloch was its first head. When W. F. Fessenden resigned President Lincoln appointed Mr. McCulloch secretary of the treasury. In October, 1861, he again entered public life. Walter Q. Gresham was then secretary of the treasury, and on his retirement Mr. McCulloch was appointed by President Arthur, and held the office until the close of his administration.

Since his retirement he has lived in Washington and on his farm in Maryland. He has contributed articles to magazines and publications, and wrote a series of letters while in London for the New York Tribune, which were widely copied and used by the Republicans in Ohio for political purposes during the campaigns of 1875. Mr. McCulloch is also the author of a book entitled "Men and Measures of Half a Century," which reviews the political and social changes in that period with which he was familiar. Mr. McCulloch in the last few years of his life embraced many of the doctrines of the Democratic party. He believed in a low tariff, and wrote several letters giving his views on the question.

Presbyterians to Raise a \$1,000,000 Fund.
PHILADELPHIA, May 25.—The attention of the Presbyterian General Assembly yesterday was occupied by things of importance to the denomination, but of no national interest. A \$1,000,000 fund to wipe out the debts of the benevolent boards, continued annual sessions, a deliverance on temperance and fraternal greetings from other ecclesiastical bodies completed the catalogue. The regular business of the assembly was much delayed by the amount of time occupied by the speeches of the delegates from outside.

A Catholic Salvation Army.
CLEVELAND, May 25.—Catholic missionaries are about to institute a movement of great importance among the masses of population in this city. It might be called a Catholic Salvation Army, except that some of the features of the Salvation Army will be omitted. The missionaries have the endorsement of Bishop Horstmann, and meetings will soon begin on street corners and curbs. So enthusiastic are the local Catholic clergy that several will resign from their parishes to engage in the street work.

None but Democratic Candidates.
DANVILLE, Va., May 25.—There was no election in this city today. In the county of Pittsylvania there was a free fight, all candidates being Democrats. Sheriff Overby had no opposition. In the other cases the old officers were beaten by new men. Vanden, for treasurer, had 87 majority, and Hugh Dillard, Jr., defeated George T. Rison, for commonwealth's attorney, by over 1,000.

Our President's Portrait in Lines of Fire.
NEW YORK, May 25.—President Cleveland's portrait will illuminate the night during the festivities attending the opening of the Baltic ship canal. It will be shown in pyrotechnics from the yard arm of the cruiser New York at Kiel, and at the same time a fiery portrait of Emperor William II will be displayed.

FINANCE AND TRADE.

The Sensational Advance in Wheat Evidently Unwarranted by Facts.

NEW YORK, May 25.—R. G. Dun & Co.'s weekly review of trade says: It wheat has been so greatly injured by the snows and frosts in May that the sudden raise of twelve cents in two weeks is justified, the calamity will affect all business prospects. The markets do not believe it, for stocks do not collapse; iron, leather and hides still rise, and no holders of wheat would sell at twenty cents, a lower price than had been known at this season for thirty years prior to 1893, if current reports were credited. Some injury has undoubtedly been sustained, but our dispatches do not show that it is really serious.

The tempo is to buy, regardless of visible requirements. In the faith that prices are sure to rise, Western receipts of wheat for three weeks have been larger than last year, in spite of storms and frosts. But the rise has practically stopped buying for export, as the similar rise did in April, 1884, which was followed by about the lowest price then ever known. Whether grain has been greatly injured or not foreign markets will take early occasion to fortify themselves from other sources. The week's sales here have amounted to 135,000,000 bushels, and accounts of damage by frost and by insects are so mixed up that some traders infer that bugs must wear overcoats.

Failures this week have been 267 in the United States, against 153 last year, and 23 in Canada, against 28 last year.

Bradstreet's review says: The moderate reaction in the stock market last week and this week, caused primarily by repeated frosts and reports of severe damage to cereal crops and other farm produce, was followed only in part by a corresponding check to the movement in general trade. Not one of the larger grain states confirms the reports of severe damage to wheat and corn with which the exchanges are abounded, and there is less reason to believe in the extent of it as currently reported.

General Schofield Not a Candidate.

SAN ANTONIO, Tex., May 25.—General John M. Schofield, to whom had been attributed presidential aspirations, denied emphatically to a correspondent of the Associated Press that he had never entertained the subject for an instant. When asked if it was true, as reported, that he would be a candidate for the Democratic presidential nomination on a free coinage platform General Schofield at first laughed and then with a suspicion of indignation in his voice said: "I have never had that matter under consideration." He expressed himself as delighted with his visit to Houston during the Confederate reunion, and said he was profoundly impressed with the loyalty evinced by the old Confederates.

Terrible Earthquake in Albania.

CONSTANTINOPLE, May 25.—Word has reached this city of a disaster from an earthquake in the town of Paramythia, in the province of Epirus, which is a part of Albania. Paramythia is a small town of about 3,000 inhabitants. The town is divided into the upper and lower town, and has an old castle garrisoned by Turks and the remains of ancient walls. It is a Greek bishop's see. Nearly all the houses in the town have been destroyed, and fifty persons were killed and 150 injured by the earthquake.

Fraudulent Voters Weeded Out.

KANSAS CITY, May 25.—The board of revision, which has been in session for a week at the recorder of voters' office, has stricken from the registration lists 7,490 names of voters out of a total registration of 29,000. These names were expurgated because the board found them to be fraudulent and fictitious. They formed a part of the almost unheard of ballot frauds which caused so much trouble after the elections last November.

Olneyville Mills to Resume Monday.

PROVIDENCE, May 25.—Information was brought the general committee of the Olneyville strikers this morning that at least 10 start up on Monday morning. This announcement came from the machinists of the Atlantic and the Riverside mills, who stated that the machinery of the plants was tested yesterday, the bolts oiled and general preparations made to resume operations.

Nutt Again Convicted.

ATLANTA, Ga., May 25.—The jury in the case of James Nutt, charged with shooting and attempting to kill Mrs. Jesse Payton, late last night returned a verdict of guilty as charged. Nutt is noted for his connection with the Duke tragedy in Pennsylvania. He is already under sentence for attempting to kill James Coleman, and will probably get an aggregate of twenty years in the penitentiary.

Gordon Escapes Indictment.

LOUISVILLE, May 25.—The Jefferson county grand jury has refused to indict Fulton Gordon for the double killing of his wife and Archie Brown, son of Kentucky's governor, whom Gordon found in bed room together four weeks ago. A strong effort to secure the indictment was made by Brown's friends.

A Desperate Father's Double Crime.

CHICAGO, May 25.—Louis Krachman, a Bohemian, dependent over the loss of work and unable to properly provide for his 3-year-old daughter, shot and killed the child at his home and then put a bullet through his brain.

NUGGETS OF NEWS.

Dangerous forest fires are reported in the vicinity of Ramsey and Iron Mountain, Mich., and Ashland, Wis.

The stables of Warner, Moore & Co., in Richmond, Va., were destroyed by fire last night. A dozen horses perished.

The national convention of tobacco workers, in session at St. Louis, decided to affiliate with the American Federation of Labor.

General J. B. Hawley, general attorney for the Northwestern railway in Nebraska and a personal friend of Abraham Lincoln, died suddenly at Hot Springs, Ark.

REFORM IN NEW JERSEY

How Her Expenditures Have Increased Year by Year.

MEETING OF THE LEGISLATURE.

It Will Convene on Tuesday Next, and It Is Hoped to Push Through Bills Framed by the Senate Investigating Committee. Suggestions for Economy.

TRENTON, May 25.—The senate investigating committee yesterday held its last public meeting previous to the reassembling of the legislature on Tuesday, June 4, when the committee will submit a report of its work, together with the draft of a number of bills which will be recommended for passage to correct the abuses and extravagances which have been discovered and exposed through the investigation. From now until the legislature meets the committee will be very busy preparing the reports and drafting the bills which will be recommended. Whether the committee will resume its investigation after the legislature adjourns will depend of course upon what action is taken in the matter by the legislature itself.

The legislature will be in session about two weeks, and if the present program is carried out nothing will be done outside of the consideration of such bills now in the hands of the governor as may be returned with his veto, and the passage of bills suggested by the developments of the senate investigation committee. The governor has had in his possession ever since the legislative recess was taken sixteen bills which have failed to receive his approval.

The committee yesterday took up the offices of the clerk in chancery and the clerk of the supreme court, with a view to showing the value of these offices to the incumbents. Allen McDermott, the clerk in chancery, was called to the stand and testified that for his nine years' occupancy of his office it had netted him an average yearly income of between \$16,200 and \$16,500.

Benjamin F. Lee, the clerk of the supreme court, testified that his office had netted him an average of \$27,000 for the past four years. He could not say what it had netted him for all the years he had occupied the office without a reference to his records. It develops that Mr. McDermott and Lee had with due regularity made the quarterly returns to the comptroller provided for by law of the amount of fees received by them for their use.

The committee in the afternoon took up the question of the total annual expenditures of the state. Mr. Corbin said the comptroller had prepared a schedule of the expenses of the state for the past twenty years. These had been divided into the ordinary and extraordinary expenses. From 1879 to 1893 the total expenses had averaged \$1,000,000 a year. Since then they have gradually increased, and last year they were \$1,990,000. The militia cost the state last year \$240,000. Of this sum \$38,000 was for armories, and the balance for ordinary expenses. He thought a limit should be fixed to the amount of expenses which might be incurred on account of the militia.

Mr. Corbin thought also that considerable judicious economy could be practiced in other state departments. Among these he mentioned the legislature, whose expenses increased from \$34,000 in 1875 to \$125,000 in 1893. Mr. Corbin advised a readjustment of the salaries of state officers.

Charles H. Simmerman, the head of the labor bureau, was put on the stand and questioned as to the workings of his department. Mr. Corbin showed that the expenses of this bureau had increased from \$4,000 a year to about \$13,000 a year. It was shown that Mr. Simmerman draws the money from the state and then pays it out himself. Dury Commissioner McGuire practices the same method. Mr. Corbin said he thought the expenses should be paid direct from the state treasury. It was stated that both officers would welcome the change.

Mr. Corbin expressed his disapproval of the fullness with which state reports are prepared and printed, and suggested that the state documents should be edited by a competent commission.

Queen's Birthday Honors.

LONDON, May 25.—Among the honors distributed yesterday, on the occasion of the queen's 75th birthday, are the following: Sir Henry Brougham Loch, former governor of Cape Colony, was made a privy councillor; Henry Irving, the actor; Lewis Morris, the poet, and Howard Russell, the war correspondent, whose service dates back to the Crimean war, were knighted. The Earl of Aberdeen, governor general of Canada, has had his title raised to the first class. Second class titles were conferred on several others.

Vesuvius Again Active.

NAPLES, May 25.—The activity of Vesuvius, which coincided in 1891 with the earthquakes in Japan, Turkey and Calabria, is again noticeable. Thick columns of smoke, fire and lava are issuing from the mouth of the crater, making a splendid spectacle by night. A new cone is forming on the summit, which is already seventy feet high. The seismic instruments are very active.

The Hyams Jury Disagrees.

TORONTO, May 25.—The jury in the Hyams murder trial came into court at 9 o'clock last night without having arrived at a decision. Judge Street remarked that the jury had already deliberated several hours, and if no verdict could be obtained in that time it was hardly probable that any would. He then discharged the jury. The result is that the Hyams will be tried in September.

Lynched for Assaulting a Child.

HENDERSON, Ky., May 25.—Claude Henderson, alias Kennedy, the negro who attempted to assault the 13-year-old child Mildred Gray, near DeKoven, was taken from the Caswell jail during the night by a mob of a hundred men, who conveyed him to the scene of his crime, where his lifeless body was left hanging to a tree.

KNOWLEDGE

Brings comfort and improvement and adds to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of the physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver, and Bowels without weakening them and it is perfectly free from any objectionable substance.

Syrup of Figs is for sale by all druggists in 50 cent bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

THE BAND CONCERT AT MIDWAY.

A Large Attendance—The Dancing Pavilion Not Well Patronized.

The band concert and warm weather attracted a large crowd to Midway Park, last evening, the electric cars running to their fullest capacity.

After the concert, the platform of the dancing pavilion was cleared for dancing, a charge of ten cents being made for each dance. The first waltz was well patronized, but the quadrille which followed, only attracted three sets. The next dance was also given very light patronage and the musicians gave up the game.

From present indications, dancing will not become a fixed feature unless different arrangements are made, whereby it will be an object for the musicians to play. At five cents per dance, the receipts of an evening are not sufficient to allow a fair compensation to each player, and as at present constructed, a smaller orchestra could not be heard in all parts of the pavilion. The difficulty could be overcome by the erection of a sounding board, and the employment of a smaller number of musicians.

AT MIDWAY PARK.

Notes and Incidents at Middletown's Summer Resort.

—Alfred Allee has secured the clam chowder privilege in Bauer's Park.

—O. H. Brown has placed a canvas canoe in the Walkill at Midway.

—The electric launch will soon be put upon the river. It will be run by trolley instead of storage battery.

—Asa Rittenberry, with his stable of goats and ponies, is right "in it." He pleases the little ones. Everything about his stables is as neat as wax.

—Quite a number of new boats have been placed on the river during the past week, by private parties. The company will soon add a number of new ones.

—Gus. White completed the erection of his Punch and Judy tent, yesterday, and a neat little place it is. Mr. White is an artist in his line, and if you wish to enjoy a pleasant half-hour visit him, and you will never regret it.

—Goshen people appreciate the park, if the number who visit it is any indication. A greater Middletown ending at Midway Park, a greater Goshen (if it were possible) coming the other half way, all merged in one great city, are the possibilities of the future.

—Have you noticed the red, white and blue electric lights that surmount the roof of the observatory. It is a magnificent display, and with the dark clouds for a background looks so patriotic with "Old Glory" in the heavens, as it were.

—Everything looks bright for a prosperous season at Midway Park. The Traction Company will have to hustle this year, in order to carry the large crowds that will wish to enjoy the attractions at this pleasant resort.

—The public would appreciate better service on Sunday afternoons, and, if it would be convenient, to run three cars, one following directly after the other, from Franklin Square, at 1:30 p. m. This would give the always waiting crowds a chance to visit their favorite resort and avoid the crush and jam and also the long wait between cars. Returning at 5 p. m., the same system would work nicely, allowing the people to get home in time for supper.

DeWitt Camp Notes.

—The members of the Camp and Fire and Drum corps will meet at the Camp rooms, at 2:30 o'clock, Sunday afternoon, to attend church with the G. A. R. Posts, at St. Paul's Church.

—Regular meeting of the Camp, Monday, at which important business in connection with Decoration Day will be transacted. The meeting will be followed by a drill.

—A special drill of the Camp will be held at the Assembly Rooms, Tuesday evening.

—Murray Camp, of Goshen, twenty-four strong, is expected to attend the Camp's field day, June 6th.

Another Outbreak of Diphtheria at Roscoe.

Diphtheria is again raging at Roscoe. The Finkle family has it bad. One child died, Wednesday, and another, Friday, and two more are sick with this dread disease and are not expected to live. A strict quarantine is in force and it is hoped the disease may be kept where it is. This makes five families that have had it in that village, and four deaths from it.

A PICTURE OF HEALTH TO-DAY.

Mrs. Moore Was Sinking -- Paine's Celery Compound Made Her Well.

The people have given the verdict!

Every state, county and most humble village has had a voice in it.

There is a consensus of testimony from all America to the fact that Paine's celery compound is making sick, tired-out nervous men and women well and strong again.

There have been published by thousands in every state in the country, this spring, testimonials from people in every station of life in those states telling of the many, many cases where this greatest of all remedies has made people well.

The Argus has published the unsolicited testimony of well-known and highly esteemed people in Middletown who have found health and strength in the remedy that was first prescribed by Prof. Edward Phelps, M. D., LL. D., of Dartmouth college.

Men and women of natural reputation have written thankful letters on the same subject, which have been published the world over, and have called forth unasked for responsive

letters from equally prominent men and women in other lands.

Below is a letter that commends itself in this spring month of May to every woman in Middletown. It was voluntarily written to Well's Richardson & Co. by a lady whose portrait, given above, is assurance of her high character and honest disposition. She is a picture of womanly health. She is Mrs. Robert M. Moore of Laporte, Ind., and she writes:

"Please accept my heartfelt thanks for the great good Paine's celery compound has done me. I do think that there cannot be too much said in its favor. I was completely run down a year ago, and had the advice and attendance of two of the best physicians in the town, who pronounced my sickness nervous prostration. I was treated by one for two weeks, and then went to another and at first he seemed to help me, but after a while instead of getting better I went from bad to worse. At the earnest solicitation of two

of my children and a dear friend, who was very much interested in my case, I commenced to take Paine's celery compound and took seven bottles, and am thankful to say that I am a well woman to-day. Considering the low state of health in which I was, my cure has been pronounced wonderful. You can use this communication as you see fit."

For recovery from the effects of too constant indoor work, worry, over exertion of body or mind, and for the general depressed state of health that is so apt to result from a sedentary life of hard work and routine, Paine's celery compound is the one strictly accurate relief. It refreshes and restores the worn-out tissues, disposes the body to take on new flesh, and rapidly clears the system of the used-up elements that clog its healthy working.

Drudging indoor workers who seldom get a long breath of fresh air—and there are many such, men and women—recover vigor of the nerves and vital organs through the use of Paine's celery compound.

The L. A. W. Tour Book.

The members of the League of American Wheelmen in this city have received from the National Secretary the annual "Tour Book" of the New York State Division L. A. W. It is a valuable work, giving roads, distances between points of interest, names of L. A. W. consultants at each place, hotels and prices of accommodations.

"A Night at the Circus."

A small audience greeted Nellie McHenry at the Casino, last evening, a fact which seemed to take all the snap and life out of the performers, who rushed through their lines with the evident sole idea of getting through with the performance as quickly as possible. The company has been changed almost entirely since last season, but it cannot be said that the present players are an improvement over the old company.

It is a fortunate day for a man when he first discovers the value of Ayer's Sarsaparilla as a blood-purifier. With this medicine, he knows he has found a remedy upon which he may rely, and that his life-long malady is at last conquered. Has cured others, will cure you.

Recorder's Court.

—A tramp printer who has been around town for several days fell into the hands of the police, last night. He had been making a general nuisance of himself, in a good natured way, however, and on that account was discharged upon his promise to leave town.

Butter Made in Ireland.

Mr. William Burke received as a present, a few days ago, from relatives in County Cork, Ireland, a package containing a few pounds of butter, made at a model farm in that county. It is beautiful to look at, and several who have tasted it say it is fully equal to any ever made in this country.

The Wyoming Historical Wild West and Grand Paris Hippodrome, gave two performances, yesterday, and gave entire satisfaction. Buck Taylor, the champion rifle shot of the world; Mexican Rose, the charming senorita, the most daring and reckless horsewoman in the world; the Indians and cowboys, and the museum of strange wonders, the wild buffaloes, are all supremely good and wonderful. The whole show is of rare merit, and we cordially recommend it to the people.—Glenn's Falls, (N. Y.) Messenger.

SATURDAY, MAY 25, 1895.

A Democratic Mayor was elected in Newport, R. I., yesterday. At the State election in April the Republican candidate for Congress won the town with more than a thousand votes to spare.

It is but a short time since every European bound steamer sailing from the port of New York was freighted with a million or more of American gold. Now all this is changed. The golden tide has set this way in earnest. Every steamer coming from the old world adds to our wealth in the yellow metal. Yesterday the companies brought in a million dollars in bars.

In an article contributed to *The Independent*, Prof. Isaac T. Headland, of Peking University, says the Emperor of China recently sent an order to the American Bible Society, at Peking, for copies of the Old and New Testaments, and that since he came into possession of the sacred volumes the Emperor has made a daily study of the New Testament. This information comes to him, the Professor says, direct from the palace.

Senator David B. Hill and ex-Secretary of the Treasury, Charles S. Fairchild, leader of the anti-Snappers in this State in the campaign of 1892, sat within elbow touch at the guest table of the Democratic editorial banquet at Delmonico's, last evening, and it was observed that their frequent interchange of talk and their mutual nods and smiles gave evidence that they had shaken hands over the "bloody chasm" and were now on the best of terms.

UNITY PRESAGES VICTORY.

Not in many years has there been such a representative gathering of the Democratic party of the Empire State as dined and wineed over the sumptuous tables of Delmonico, in New York city, last evening. No on-looker but must have been impressed by the speeches, all keyed in the same high spirit of unalterable, inflexible determination to advance the Democratic cause, to carry aloft the Democratic banner to victory, but must have been impressed that once more the party of Wright and Marcy, of Seymour and Tilden, presents, in this Empire State a solid, unbroken and aggressive front to the common political foe.

Snappers and Anti-Snappers, Cleveland men and Hill men, have shaken hands and buried deep out of sight and out of memory, all contentions and dissensions. Hereafter it is a pull all together; united effort for victory for the party which, whatever its shortcomings, has but one purpose in its life and being—the greatest good for the greatest number of all the people.

Well Preserved Apples

From the Montgomery Standard

Mrs. Frances Colwell, of this village, is at this present time using apples that were picked from a tree in her yard last autumn. The apples are in a perfect state of preservation, and the family have had all they could use. Mrs. Colwell merely headed up the barrel as tightly as possible so the air could not reach them, and placed them in the cellar. When unheaded this spring they were as solid as when first picked.

How to Boil an Egg Soft

Have the water boiling, put in the egg, set the vessel on the table with a pie pan over it; let it remain there till the water is lukewarm; the egg is then done; when opened, the meat is gelatinized and leaves the shell without the aid of a spoon. Just try it once.

Painful Results of an Attempt to Illustrate a Theory of Paternal Discipline.

From the *Homesdale Citizen*.
There is a man in Port Jervis who fancies himself the head of the family. He has several small children, and it pleases him to discourse a great deal on the training of them. A few days ago he had friends visiting him. His two little sons began to play about noisily. It is one of his theories that children should obey implicitly. He wanted his friends to see how he carried it out in the training of his own children. "Johnny," he said, sternly, "stop that noise instantly." Johnny grinned a little. "Oh, Freddy," he said to his brother, as they went on with the noise, "just hear papa trying to talk like mamma."

Hood's Sarsaparilla on the Table at Every Meal

"In my opinion Hood's Sarsaparilla has not an equal as a blood purifier. I doctored 6 months for stomach trouble and Neuralgia of the Heart

without any good and then took Hood's Sarsaparilla. Every spring and fall since I have used it and it has done me lots of good. I have not been attended by a physician for the last four years. My wife was suffering with water brash and Feeling All Tired Out.

She was severely afflicted but upon my prevailing upon her to take Hood's Sarsaparilla and Hood's Pills she felt differently in a short time. Now she is quite well. We have great faith in Hood's Sarsaparilla and put it on the table at every meal the same as bread."

Lighting Up in Parliament.

Every part of the house of commons is now lighted by electricity. In Cromwell's time the commons appear to have entertained strong objections to debates by artificial light. A Sir William Widdington brought in two candles against the direction of the house and was sent to the Tower next morning. An interruption to debate was sometimes caused by a motion that candles be brought in. A standing order was passed in 1717 empowering the sergeant-at-arms to bring in candles without any particular order. This order has been superseded by the instantaneous illumination of the house at the proper time, at first by gas and subsequently by electricity.—London Letter

Worth's Frankness.

Kate Field says she thinks that Worth made for her the only dress that he ever made of American material. She took him a piece of American satin for the purpose, and at first he refused point blank to touch it. "The manufacturers at Lyons would never forgive me," he said. "They would accuse me of treachery." But eventually Miss Field's persuasion prevailed. Worth was exceedingly frank to his customers. "Choose that color if you like," he said one day to a rich American woman, "but you'll look like a fright, and your husband will refuse to pay the bill."

A FORTY DAYS' DROUGHT PREDICTED.
A Farmer's Weather Sign Which, It is Hoped Will Fail.

There is a weather sign in which many of the older farmers in this locality have much faith, which, if it does not fail as it is alleged all signs to in dry weather, will work great damage to the farm and garden crops hereabouts. It is this: "If there is no rain on Ascension Day, there will be no rain for forty days."

There was no rain on Ascension Day this year, and therefore they believe we have just entered upon a forty day's drought.
Rain is badly needed now to nourish the crops that are already growing, and to start into life the seeds of late varieties of vegetables and where re-planting was made necessary by the recent frosts, and if we are to have forty days more of dry weather, there is little hope for grass or crops of any kind. We trust, however, that the weather on Ascension Day will not control the weather of the next forty days.

TROUBLE OVER A GRADE LINE.
Watkin's Avenue Property Owners Want to Know Where They are at.

There is trouble over the grade line on Watkin's avenue, work has been stopped and there is much dissatisfaction among property owners on that thoroughfare.
When N. S. Cantine was city engineer he made a map of the street to establish a grade and several persons set their curb to this grade.
Recently the present city engineer made a new survey and his grade line does not conform to the old one. Several persons have graded to the new line and now the property owners want to know whether they have any grade at all and have appealed to the Street Committee who have ordered work stopped until the matter is settled.
If Mr. Cantine's map of the street had been preserved as it should have been and the grade established by him, been followed it is safe to say that there would have been no trouble.
When Mr. Cantine was engineer he prepared maps of all his surveys and the Council ordered a case made for their preservation. If the present city officials have not preserved them they have made a great mistake in this respect as they have in many others.

KEENER VS. TRACTION COMPANY.
The Case Dismissed by Judge Beattie—To Be Appealed.

The case of Charles Keener vs. the Traction Company, tried at Newburgh, yesterday, did not go to the jury, but was dismissed by Judge Beattie. The reason, we are informed, was that the plaintiff failed to prove the rate or speed at which the car passed around the corner when it struck his wagon.
We understand Mr. Keener will appeal the case to a higher court.

Kind Words For a Chester Boy.
The Monroe Wisconsin, *Evening Times*, of a late date, says: "The firm of Lawrence & Durland, the New York cheese manufacturers, has been dissolved and the business in the future will be conducted under the firm name of W. A. Lawrence & Son. This takes in Theo. Lawrence, who for a long time was in charge of the branch factory in this city and is well remembered here. The concern is the largest in the United States and does an extensive business. He is deserving of the recognition and his friends note it with pleasure."

Holiday Time Table.
The usual holiday schedule will be in effect on the Erie Decoration Day, May 30th. Trains will be run on Sunday time table with the following exceptions—The Orange County will run as usual leaving here 7:10 a. m. East bound and 6:50 p. m., West bound. No. 38 will leave here at 10:31 a. m., East Bound. The train usually leaving here at 8:23 a. m., will be annulled.

Suicide of an Insane Farmer.
Henry H. Wilbur, a well-known resident of Woodstock, Ulster county was sent by his relatives last Fall to receive treatment at the Poughkeepsie Insane Asylum. Yesterday morning he was found hanging from an apple tree on his farm. A piece of cotton twine, strong enough to sustain his weight was used.

That tired feeling, loss of appetite and nervous prostration are driven away by Hood's Sarsaparilla, which makes pure blood.

OBITUARY.
Ed Bowen.
Mr. Ed Bowen, a native and former resident of Orange county, died at Hancock, Sunday morning, of cancer of the stomach, aged sixty-two years. He was a lumberman and farmer, and was held in high esteem in the community in which the latter years of his life were spent. He is survived by his wife, two children, six sisters and one brother.

Mrs. Sarah T. Sherman.
News has been received in this city of the death in Chicago, on Wednesday last, of Mrs. Sarah T. Sherman.

Mrs. Sherman was about eighty-three years old. She was born in the town of Crawford and was a daughter of Alexander and Hannah Thompson. She removed to Davenport, Ia., about thirty years ago, and later went to Chicago, where she resided until her death.

She is survived by two daughters, Mrs. Charles Frost, of San Francisco, and Mrs. Albert Trotter, of Chicago. Also by two brothers, John A. Thompson, Esq., of this city, and Mr. Daniel Thompson, of Thompson Ridge.

Edmund H. Robinson.
Edmund H. Robinson died in this city, this morning, after an illness of six weeks, aged sixty-two years.

He was born in Montgomery, and was a son of Edward H. and Margaret DeHart Robinson. He came to Middletown fourteen years ago from West Hamton, L. I., and was employed as general helper in the rolling mill until it shut down.

In 1869, Mr. Robinson married Charlotte Tuttle, who died nine years ago. He is survived by two children, Amos P., a clerk in Ritter & Miller's grocery, and E. Mary Robinson, of 86 East Main street; also by a brother, Jacob H., of East Moriches, L. I.

Mr. Robinson was a member of the First Congregational Church, and of Walkhill Council, Royal Templars of Persephone.

The body will be taken to Speonk, L. I., for burial, and funeral services will be held there.

ELECTRIC CARS IN COLLISION.
One Car Crashes Into Another on Wickham Avenue—Cars Damaged, But No One Hurt.

Electric cars Nos. 8 and 13, were in collision on Wickham avenue, near Grove street, at 10:30 o'clock, last evening. Car No. 13 had a load of passengers from the Casino and stopped to allow some of them to alight. Car No. 8, had finished its run and was following the former to the power house. It was going so fast that Motorman Martin was unable to stop, and the car crashed into No. 13. The headlight was demolished and the bumpers on both cars were badly damaged. The passengers were shaken up, but no one was injured.

Memorial Service at St. Paul's Church.
The Young Men's Christian Association has arranged an interesting and patriotic service to be held, to-morrow, at the M. E. Church, at 3 p. m. Rev. Robert B. Clark, of Goshen, will deliver the address. Special invitations have been extended to the Twenty-Fourth Separate Company, G. A. R. and S. of V., for whom seats will be reserved. The public is cordially invited.

Only One More Chance for a Sunday Shave.
To-morrow is the last Sunday on which barber shops may be kept open anywhere in this State except in New York and Saratoga. The new law goes into effect June 1st, and its violation is a misdemeanor, punishable by a fine of \$5 for the first offense and \$10 for a second offense.

Two Men Injured in a Hat Shop.
Frank Wylie and Patrick McCann were badly hurt by the bursting of a machine known as a "whizzer," in Carroll's hat factory at Matteawan, yesterday. Both men had a leg broken, McCann had his collar bone broken, and Wylie was badly cut about the head and arms.

Exercising at the Campbell Track.
The usual Friday morning brushes between the fast ones took place at the Campbell Track, yesterday. A number of the Middletown horses are rapidly getting into fine condition for the races which will be held in this vicinity during the summer. The track is in excellent condition and will be faster than ever.

Big Shad from the Delaware.
Mr. J. H. McCune, this morning, received two shad weighing eight pounds each from Mr. Ed. Geisenheimer, of Port Jervis. The fish were caught in the Delaware River.

Confirmation Services at Grace Church.
Bishop Leighton Coleman, of Delaware, will officiate for Bishop Potter, in the confirmation services at Grace Church, next Tuesday.

World's Columbian Exposition.
Will be of value to the world by illustrating the improvements in the mechanical arts and eminent physicians in the medical agents, has been of equal importance, and as a strengthening laxative that Syrup of Figs is in advance of all others.

Two Coming Weddings at Wurtsboro.
Two weddings will occur at Wurtsboro on Wednesday, of next week, Rev. Mr. Harris to officiate at both. At noon, Mr. C. A. Stanton and Miss Hattie L. Phillips, sister of Mr. Ohas. L. Phillips, formerly of this city, will be married at the bride's home.

At 2 o'clock, Mr. Ernest T. Sherwood and Miss Lina Masten, daughter of Theo. Masten, will be united in marriage at the home of the bride.

Real Estate Notes.
—The House farm of sixty-four acres, in the town of Midsink, was sold under foreclosure of mortgage, at the Court House in Goshen, May 21st. The property was bought by Gilbert Stewart, of Garfieldville, for \$1,900.

—Messrs. Case & Taylor have sold for Mrs. Sarah E. Hulse a house and lot on the east side of the extension of Cottage street to Mr. A. J. Bell Price private.

That scrofulous taint which has been in your blood for years, will be expelled by taking Hood's Sarsaparilla, the great blood purifier.

A False Diagnosis.
La Grippe is confounded by many persons with a severe attack of catarrh, which in some respects resembles the former. These individuals suffer severely with pain about the head, eyes and ears, with soreness in throat and stoppage of the nasal passages, and in fact, are incapacitated for work of any kind for days at a time. These are catarrhal sufferers. Ely's Cream Balm has been used with the best results in such cases. The remedy will give instant relief.

DEMOCRATIC EDITORS.

Continued from Page Two.

But the masses of right and wrong wherewith to test the questions of the hour. Democrats believe that governments are not divine; that they are creatures, not creators; servants, not masters; that government should do nothing save that which cannot be done by the individual citizen; that its functions are mainly to keep the peace and exercise police protection; that all beyond this is a perversion of the proper order, a violation of the functions of the individual destructive to his manhood and dignity, resulting ultimately in the impairment of the character, integrity and power of the state.

We should carry our Democracy not only into state and national government, but also into party government, and never forget that the individual rights of the humblest member of the party and of the smallest political divisions must be jealously guarded and maintained.

Party organizations and committees must remember that they are servants, not masters; creatures, not creators, else our party is wounded in the very house of its guardians to its serious injury.

And thus I am brought to the end of my screed, having shown, I hope, that both principle and interest demand that at all times and under all circumstances, and in the face of all temptation, we should stand to our principles. In the advocacy of this you Democratic editors have a noble calling. With you I am not making for Democracy that is worth a man's endeavor, with it everything that is high and inspiring, both in effort and attainment.

COMPTROLLER ECKELS' REMARKS.

Thinks Free Coinage Agitation Is Caused by the Silver Producers.

Comptroller Eckels, in response to the toast, "Sound Money," among other things said:

"I do not overestimate when I say that the present agitation of the free coinage of silver is due, in the first instance, to the silver producing class, who, complaining that their mining interests are languishing, claim it to be the duty of the government to revive them by affording a market for all the silver bullion that they can deposit at the mints and to make them more profitable by coining for them, free of charge, all such bullion into dollars containing less than \$1 worth of metal, endowed with full legal tender properties. An attempt is made to disown any such claim by pleading that silver is wrongfully discriminated against, the amount of our circulating medium is too small per capita, and that the country is in financial distress by reason thereof, though the circulation per capita is greater now than at any time in the country's history, made so largely by the coinage since 1878 of \$22,127,039 silver dollars, but under this pretext it is to be found the real reason, and that the promotion of the silver interests by legislative enactment.

There is one more objection I desire to state, and I am done. This proposed silver legislation designs to give us a dollar which, as a matter of fact, is not worth a dollar. Upon the very face of it, it is a cheat, and the government ought not to be, from the standpoint of either sound law or good morals, a party to a fraud. It is in violation of the rights of every creditor and an encouragement to wrongdoing in every debtor. Such money would be, as it ought, a reproach to the American people. If there be any Democrat advocating such a currency and at the same time cherishing as his political idol Thomas Jefferson, let him read and reflect upon these words, translated by Jefferson from a French manuscript and sent to John Adams with his hearty endorsement: "It is to be desired that coins had never borne other names than those of their weight, and that the arbitrary denominations called moneys of account, as pounds, shillings, pence, and so forth, had never been used. But when these denominations are admitted and employed in transactions to diminish the quantity of the metal to which they answer, by an alteration of the real coin, it is to steal, and it is a theft which even injures him who commits it." In contradistinction to this Jeffersonian Democracy is the Democracy that would, for party advantage, urge and aid such free coinage legislation as that which is now being advocated, and to which I have alluded. It is legislation that ought not to receive the endorsement or aid of the Democratic party of any state or of the nation. It is an-Democratic in every feature of it, and when it is suggested by Democrats that it shall receive Democratic support Democrats who believe in Democratic principles ought to enter a solemn protest against it.

It cannot win now or ever through the agency of the Democratic party. The Democratic party is so constituted that to bring forth results it must stand for something that is sound in principle and correct in practice. It has never accomplished anything when it acquiesced with heresies which receive neither recognition nor sanction at the hands of its greatest leaders. It will hold true to the right and the confidence of American people as long as it best represents economy in public expenditures, efficiency in public service, honesty in party professions, determination to maintain unimpaired the financial integrity of the country, a system of taxation which does not permit one unjustly to take from the other and a monetary system in which each and every dollar is of the full value which it purports to carry by reason of its own intrinsic worth and not because of the government's fiat placed upon it. It will cease to command that respect and confidence when it abandons either one or all of these great principles essential to the well being of this great republic.

EX-GOVERNOR FLOWER'S SPEECH.

Believes in Honest Government—The Democratic Opportunity.

In responding to the toast, "Democracy of New York," ex-Governor Flower said: This gathering ought to be both an experience meeting and a praise meeting. By our presence here tonight we give expression to that changed sentiment which in five months has revived, reinvigorated and stimulated the Democracy of the Empire State. We are here to exchange political ideas, to banish factional differences, to promote party unity and success. We come together chastened by political reverses and instructed by hard experience, but we come also imbued with love for our party and fired with zeal to help it achieve its highest and best purposes.

It is a good time to get together and talk things over. As Democrats we learned a great deal last November, and we citizens interested in good government we have learned a great deal more during the last five months. Whether justly or unjustly, whether by mistake at Albany or at Washington or at both places, we have become the dominant power in the land, and had policies in local governments or not, we somehow lost public confidence, and the people administered to us a stinging rebuke. That lesson, I trust, we have not forgotten and

YEARS OF INTENSE PAIN.

Dr. J. H. Watts, druggist and physician, Humboldt, Neb., who suffered with heart disease for four years, trying every remedy and all treatments known to himself and fellow-practitioners; believes that heart disease is curable. He writes:

"I wish to tell what your valuable medicine has done for me. For four years I had heart disease of the very worst kind. Several physicians I consulted, said it was Rheumatism of the Heart.

It was almost unendurable; with shortness of breath, palpitations, severe pains, unable to sleep, especially on the left side. No pen can describe my sufferings, particularly during the last months of those four weary years. I finally tried

Dr. Miles' New Heart Cure, and was surprised at the result. I put new life into and made a new man of me. I have not had a symptom of trouble since and I am satisfied your medicine has cured me for I have now enjoyed, since taking it

will not forget. It should be worth its cost to

us as a party.

To enter hopefully into the political contest which confronts us we must be united and harmonious. Our party organization must be broad and tolerant enough to be thoroughly and honestly representative. We have a right of office to create dissensions over. There is no excuse for factional fights within the party. It is time we ceased being Democrats of one stripe or of another stripe. We should be proud to belong to one party, the Democratic party, and to have a voice in building it up. In this task the Democratic press must take the lead. Democratic editors sometimes have been guilty of factionalism within the party as have the politicians, but this is a good time to turn over a new leaf. Let us arouse ourselves from that nightmare which has so long paralyzed the party—the specter of Cleveland Democrats or Hill Democrats—and join forces for a successful campaign of genuine Democracy. By harmonizing our differences and committing our party to one organization and one platform, we shall irrevocably to honesty and right we shall surely win.

I believe the Democratic party has a great opportunity, and I want to see that opportunity seized. I want to see our party broad and catholic, true and determined in its advocacy of good government. I want to be proud to belong to it and to have a voice in building it up. In this task the Democratic press must take the lead. Democratic editors sometimes have been guilty of factionalism within the party as have the politicians, but this is a good time to turn over a new leaf. His Girls.

Mr. Wilcox, the husband of the poetess of passion, is a common sense business man, with one big piece of sentiment in his disposition—that is his love for his wife. On one occasion, when he was traveling, he placed six or seven photographs of his wife on the mantel of his room in the hotel. The pert chambermaid, whisking them off with her feather duster, electrified the loving spouse by exclaiming: "My! What a lot of girls you've got!"—Chicago Herald.

Worth's Predecessor.

Worth was not Europe's first distinguished man milliner, as has been supposed. In the reign of Louis XV a Bavarian named Rohmberg became the fashion in Paris as a maker of ladies' habits. He gained the reputation of being skilful in hiding little deformities in the figure, and his vogue was immense. When he died, at the untimely age of 40, he left a fortune of \$250,000, a vast sum for a tradesman to accumulate in those days. In the first empire Leroy dressed all the princesses of the imperial court.

Seeing Double.

The two eyes really see two objects. If the two forefingers be held, one at the distance of a foot, the other two feet in front of the eyes, and the former looked at, two phantasms of the latter will be observed, one on each side. If the latter finger be regarded, two phantasms of the nearer finger will be observed mounting guard on either side.

DON'T STOP TOBACCO

And don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of the use of tobacco you must have some stimulant, and in most all cases, the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about "BACO-CURO." It is purely vegetable. You do not have to stop using tobacco with "BACO-CURO." It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An ironclad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded.

Dear Sirs—I have been a tobacco user for thirty-three years and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being at least. I tried the so-called "Keely Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago to-day I commenced using your preparation, and to-day I consider myself completely cured. I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely disappeared. I consider your "Baco-Curo" simply wonderful, and can fully recommend it.
Yours very truly,

Dear Sirs—I have used chewing tobacco very extensively the past thirty years. I tried so-called "No-To-Bac," and other remedies, but without success, until I bought three boxes of your "Baco-Curo." I used tobacco at the same time while taking "Baco-Curo," and after a week I lost the appetite for tobacco—smoking or chewing. WHAT MR. KRAMER SAYS OF "BACO-CURO."
This is to certify that I, F. D. Kramer, of Atlantic, Iowa, was an inveterate smoker of cigarettes for more than two years. About eight weeks ago I bought three boxes of "Baco-Curo." I began taking it according to directions, and after taking one and one-half boxes, all the desire for cigarettes left me, and I have had no desire since. I can heartily recommend "Baco-Curo" to all who are slaves to the cigarette habit or tobacco habit in any form, and are in search of a cure. I have become so under the influence of cigarettes, I could not remember anything; could not study, unless under the influence of the drug, which is dead in the end. I hope cigarettes are saving the lives of more boys and young men to-day, than anything that is known to the world. Boys, before it is too late get some of this remedy that killed the craving for cigarettes in me and save your young life. Before yourself to manhood. You will feel as though you had escaped an awful doom, and you have, when cured by "Baco-Curo," for you feel like a new being. I never felt better in all my life than at this present writing. I did not know what the matter was with me, until informed by the agent. He told me what was the reason I could not do anything unless under the influence of the death-dealing poison found in cigarettes. I did not believe him at first, until he explained the action on the system. Then I bought the goods and thank God and all concerned, I am a sound person in body and mind. I hope the man who sold the cigarettes to me, is a scoundrel.

PENNSYLVANIA LEGISLATURE.

Enough Special Orders Granted to Prolong the Session to June 13.
HARRISBURG, May 25.—The house granted enough special orders yesterday for bills for consideration next Tuesday and Wednesday to prolong the session a week later than the time fixed by the senate. This change in the order will prevent the consideration of appropriation bills next week, and unless the session is extended to June 13 the bulk of them will never be reached. Chairman Marshall, of the appropriation committee, warned the legislators of this, but they did not heed his warning and went right ahead granting orders for bills.
The bill providing for the appointing of sealers of weights and measures for first and second class cities passed finally, amid much confusion. It provides that the inspectors shall be designated by the county commissioners and appointed by the governor to serve for a term of four years. The salaries are also fixed by the commissioners.

Among other bills passed finally by the house were: To punish the printing, posting or distributing of any libelous circular or poster or other written or printed matter for enforcing all the laws against adulterations or impurities in vinegars, jellies, cider, evaporated apples and all apple products, and the unlawful labeling in the state; the Culbertson bill, punishing the wearing of the button of the Grand Army, Loyal Legion or Veteran Legion.

The Grigsby bill to prohibit appropriations of the public funds of the state for sectarian purposes was defeated.

A large number of appropriation bills were reported by the appropriations committee, the amounts in nearly every instance being considerably below the amounts asked for.

Corbett Threatens Fitzsimmons.
NEW YORK, May 25.—Bob Fitzsimmons, the pugilist, did not appear yesterday afternoon at the Coleman House to attend the meeting to which he and James J. Corbett had been summoned by Joseph H. Vendig, representative of the Florida Athletic club, under whose auspices the Corbett-Fitzsimmons fight was arranged to take place. When Corbett found that Fitz did not intend to appear, and that he had not paid the \$5,000 deposit guaranteeing his appearance in the ring, the champion said he would give Fitz until this afternoon to show up, and if Fitz fails Corbett will "poke his nose at first sight."

Sentenced in Salem County Court.
SALEM, N. J., May 25.—The May term of the Salem county courts adjourned yesterday. The jury in the case of Isaac Steinsneider, who was indicted on the charge of burning Joseph Raddnick's barn at Alliance, after a long session returned a verdict of not guilty. The following sentences were imposed: John Ryan, alias "Lightning Jack," highway robbery, six years in state prison; John Berry, beating his wife, eight years, and Jeremiah Parker, larceny, one year.

Shot and Killed the Burglar.
ELLSWORTH, Me., May 25.—J. H. Bunker, clerk and night watchman in the store of John P. Condon, of Franklin, was aroused early in the morning by the attempts of a burglar to force an entrance to the store through a transom over one of the windows. He secured a revolver and shot the burglar through the head, killing him instantly. There was nothing on the dead man's person to disclose his identity.

Washington's Distinguished Invalids.
WASHINGTON, May 25.—Secretary of State Gresham is improving steadily. He eats heartily and sleeps well. Representative Hitt is reported much better. There is no change of note in the condition of Mrs. Mary A. Dodge (Gail Hamilton). She was conscious for a few minutes yesterday, and spoke to those around her. She is a little easier, though she has again lapsed into unconsciousness.

Well Known Pennsylvania Priest Dead.
YORK, Pa., May 25.—Rev. Father Henry Ritt, of St. Mary's Catholic church, this city, died yesterday, aged 46 years. Rev. Ritt was born in Germany, and ordained a priest twenty years ago. He was stationed at Lykens, Lock Haven, Treverton, Gettysburg, and Lancaster before coming here. He stood high in the diocese, and was one of the three auditors appointed by the bishop.

No Costa Rica-Nicaragua War Probable.
WASHINGTON, May 25.—Senator Calvo, the Costa Rican representative here, says that the reports of probable war between Costa Rica and Nicaragua are groundless, according to advice received by him. He says the boundary question is the only one on which the governments differ. This, he says, is a subject of peaceful diplomatic adjustment.

SAVINGS AND LOAN COMPANY.

A Branch of the Syracuse Company Organized in This City.

A branch of the Industrial Savings and Loan Company, of Syracuse, has been formed in this city. The following are the officers:

President—C. C. Lutes.
Vice-President—L. V. Sinsabaugh.
Secretary and Treasurer—Ira L. Case.

Attorney—Herbert Gedney.
Committee of Appraisers—L. V. Sinsabaugh, C. W. Hill, W. W. Carpenter.

Board of Directors—C. N. Predmore, C. C. Lutes, L. V. Sinsabaugh, Ira L. Case, C. W. Hill, D. L. Decker, F. N. Quick, George H. Hadden, Herbert Gedney, W. W. Carpenter.

Regular meetings will be held the first business day of each month, at the office of Case & Taylor.

BASE BALL NOTES.

Contributed by One of Middletown's Well Known Base Ball Cranks.

Dooley has been released from the New Bedford team.

Al. Lawson, well known in this city, has been released from the Pittsburgh's, in the New England league.

The Sporting Life says that Turner doesn't seem to lose his batting eye, notwithstanding his frequent and long lay-offs.

The Albany correspondent of the Sporting Life says of last year's asylum pitcher: "Chesbro is big and strong, and is one of the best, if not the best, pitcher in the league."

Chris. Baker, catcher for the old Wallkill's, is in the plumbing business on his own hook, at Passaic, N. J.

The Johnsons club would like to arrange a game with the Columbia's of Ontario's, of this city, for Decoration Day.

Bannigan, pitcher for the Columbia's, has accepted a position at the State Hospital.

The Columbia's, after paying all expenses, netted about \$50 on their game, held in the Assembly Rooms, last Monday evening.

The Ontario's gave a hop in Nicholson's Hall, last evening. There was a large crowd present and all had a good time. The boys netted a nice sum.

Larver and Genegel, of the Glenview team, must have had a great laugh, yesterday, when they shut the Johnston team out by a score of 9 to 0, with McGreevey and Chesbro as the battery for the latter.

The troupe of trained dogs from Port Jervis arrived here this morning. They are an intelligent lot of animals, and will undoubtedly please the public by their clever performances.

Made a Bad Start to Life.

W. H. Montgomery, son of a farmer at Island Pond, N. Y., left home, a few days ago, to make his own way in the world. He made a very bad beginning by hiring a bicycle from a Binghamton dealer and selling the wheel to a druggist in the same city for \$5.

With this money he made his way to Port Jervis, where he was followed by an officer, who arrested him in his bed at a hotel and took him back to Binghamton.

25 Members of Capt. Jackson Post and Relief Corps.

General Order, No. 1

The members of the Post are hereby notified to report at headquarters on Sunday, the 26th inst., at 2:30 o'clock p. m., to attend memorial service at the M. E. Church.

An invitation has been extended to Capt. William A. Jackson Women's Relief Corps, No. 131, auxiliary to this Post, to participate with us on this occasion. By order of

G. W. Reed, Com.

J. A. Grier, Adj't.

A Boy Drowned at Hurleyville.

A little son of Mrs. Falkner, who resides at Hurleyville, was drowned in Brown Pond on Wednesday morning last. He was about ten years old and was amusing himself by wading around in the water on a single plank. The plank capsize and he was drowned where the water was very deep. His body was not recovered until the next morning.

You've No Idea

How nicely Hood's Sarsaparilla hits the needs of the people who feel tired out or run down from any cause. It seems to oil up the whole mechanism of the body so that all moves smoothly and work becomes a delight. If you are weak, tired and nervous, Hood's Sarsaparilla is just what you need. Try it.

Hood's Pills cure liver ills, constipation, biliousness, jaundice, skin eruptions and indigestion.

Rebecca Wilkinson, of Browns-ville, Ind., says: "I have been in a distressed condition for three years from nervousness, weakness of the stomach, dyspepsia and indigestion until my health was gone. I had been doctoring constantly with no relief. I bought one bottle of South American Nerve, which did me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely medicine; a few bottles of it have cured me completely. I consider it the greatest medicine in the world." Wanted the most wonderful stomach and nerve cure ever known. Sold by J. L. Mills, Middletown, N. Y.

Elmer J. Emerson, " "
P. H. Johnston, " "

The entries for the other races will not close until Monday, May 27th. The number of entries received up to date, insures the success of the meeting.

UP THE MIDLAND.

Damage Suit Against Rockland—Effects of Cold Weather—"What's in a Name"—Better Mail Facilities—Fruit Fishing—The New Time Table—Fine Timber.

We now have better mail facilities as far north as Rockland, as the new train carries mail both ways. The Argus now gets the very latest news up here, as it is printed some time after the New York city papers.

The trout fishing has not been as lively for the past six days, as it would if the weather had been warmer. Some large trout have been caught during the present season.

It would seem as if the high water in the small brooks, had driven the trout out into the rivers.

The change of time on the O & W, will be all right as soon as the public becomes accustomed to it. It seems strange that what was formerly called the "night line," No. 6, should pass over the greater portion of the road in broad daylight.

The Saturday half-holiday train will be put on after June 20th, which will necessitate another new time table then. With the new fast trains, this is the shortest time between tide-water and the lakes, and no other railroad runs reclining chair coaches between the points above named.

The picturesque O & W, is always ahead.

Too much cannot be said in praise of the broad tire on wagons upon which heavy loads are drawn. The more they are used the better the roads become.

The largest stock of hemlock at any point on the O & W, is at Roscoe, Sullivan county, and is owned by the new company that is putting up a mill in which to saw it. There is close to a million feet of it ready for the saw.

A superficially smart writer in the Orange County Turner has this to say about Livingston Manor: "When the good people of Morriston, Sullivan county, suffered their place to be called Livingston Manor, they submitted to a veritable bit of robbery." A large number of the people there had no objection to the change. The name of Medad Mores was in bad repute at the time the change was made. The very spot where the station now stands had been known as "the Livingston place," for many years before the railroad reached there. Consequently there was no snobbery in calling it Livingston Manor, after its former owner, who was "English, you know."

The town of Rockland has a case on the next calendar brought against it for one of its bridges going down while a man was crossing it with his household goods. That town is rather unfortunate in these matters, as it was badly beaten, some years ago, by Thomas Collins, of Livingston Manor, who had a horse hurt.

The O. and W. stock has advanced in value the past month. This speaks well for the careful management and section of State it passes through.

When I wrote you last I remarked that vegetation was very forward for this locality at that time of the year. A change has since come over the vision of my dream, and I now remark that it was never more backward to my knowledge. The apple and strawberry crops will be a total failure. The hay crop will be greatly shortened from the frost.

RUSTICUS.

Keller In One Day.

SOUTH AMERICAN NERVE relieves the worst cases of Nervous Prostration, Nervousness and Nervous Dyspepsia in a single day. No such relief and blessing has ever come to the invalids of this country. Its powers to cure the stomach are wonderful in the extreme. It always cures; it cannot fail. It radically cures all weakness of the stomach and never disappoints. Its effects are marvelous and surprising. It gladdens the hearts of the suffering and brings immediate relief. It is a luxury to take and always safe. Trial bottles 15 cents. Sold by J. E. Mills, Druggist, Middletown, N. Y.

"Disfigured For Life"

Is the despairing cry of thousands afflicted with Unsightly skin diseases.

Do you realize what this disfigurement means to sensitive souls?

It means isolation, seclusion. It is a bar to social and business success. Do you wonder that despair seizes upon these sufferers when Doctors fail, standard remedies fail, and nostrums prove worse than useless?

Skin diseases are most obstinate to cure or even relieve. It is an easy matter to claim to cure them, but quite another thing to do so.

CUTICURA REMEDIES Have earned the right to be called Skin Specifics.

Because for years they have met with most remarkable success. There are cases that they cannot cure, but they are few indeed.

It is no long-drawn-out, expensive experiment.

25c. invested in a cake of CUTICURA SOAP Will prove more convincing than a page of advertisement.

In short CUTICURA works wonders, And its cures are simply marvellous.
